

We need new shoes for our therapy horses...

We are approaching the end of the year, and are looking for sponsors and donations to assist in paying for 2023 expenses for our therapy horses need "new shoes" and we need your help! These horses work hard taking care of our physical and developmentally delayed riders. The care into these devine partners includes that every 4-5 weeks the horses require hoof care/shoes. This costs approximately \$130 per horse per month. We have 17 horses in the program. The costs are paid by our non profit, Bakas Horses for Handicapped (which is raised solely on sponsors & donations.) This costs us a little over \$25,000 per year! We need everyone to help with this campaign! Please donate whatever you can as every dollar counts! Please ask your friends, family, and any corporations and workplaces to help as well. Share on your social media too!

You can make general donations of any amount or you can sponsor a horse for the year!
